ATTEMPTED SUICIDE -We learn that a young man named Isaac Reed, residing in Bethel township, Miami County, attempted to commit suicide on Monday morning, 3d, between the hours of 1 and 4 o'clock. He had for some time been leading a dissolute and dissipated life and becoming tired of it, without the moraj stamina to reform, he determined to take his own life. He several times made threats of this kind, and on Sunday evening told his eister (with whom he was then stopping) that he intended going off in the morning and shooting himself. No more was thought of the matter until about 4 o'clock in the morning, when one of the family going into the cellar discovered him lying upon the floor, weltering in his blood. On investigation it was found that he had shot himself with a pistol, the ball having entered the skull at the top of the forehead and passed out at the back of the head. He was able to talk, and did not seem to be mortally injured. The physician who was sent for, after examining the wound, was of opinion that the ball had not touched the brain, and did not think th man would die. We learned last evening that he was "doing well," and that he would prob ably recover.
